

FARM / AGRICULTURAL FACILITIES

Coating Systems

Sherwin-Williams provides a full range of coating solutions to protect and beautify every area of your farm/agricultural facility. Your local Sherwin-Williams representative can assist in developing specifications for your performance, budget, deadline and VOC requirements.

Exterior Finishes

- A** **Duration® Exterior Acrylic Coating**
Formulated with PermaLast® technology which results in a thick, flexible layer for excellent hide and protection from peeling and blistering. Duration provides a mildew resistant coating. It is self-priming and requires just one coat for repaints and two coats for new work.
- B** **Resilience® Exterior Acrylic Latex**
Provides outstanding hide and durability plus ease of application. With Resilience, the threat of rain or dew will not slow down or delay the job because it is specially formulated with MoistureGuard™ technology, which resists moisture twice as fast as standard exterior latex coatings.
- C** **Loxon XP® Masonry Coating**
This direct-to-concrete and masonry high build coating offers maximum performance in one less coat, with no need for priming. Using proprietary technology, Loxon XP goes on thick to provide exceptional resistance to alkali, efflorescence and wind-driven rain. Meets the most stringent VOC regulations.
- D** **ProMar® Exterior Latex Barn Paint**
An economical latex finish designed to protect exterior surfaces, such as barns, silos, sheds, fences, and garages. ProMar Exterior Latex Barn Paint is available in white and barn red.
- E** **WoodScapes® Exterior Stains**
The thick formula ensures a uniform finish with no lap marks, great coverage and fast application. Self-priming with easy water cleanup, the Acrylic Solid Color carries an 8-year warranty and the Polyurethane Semi-Transparent carries a 5-year warranty.
- F** **ProMar® Exterior Solid Color Acrylic Latex Stain**
This 100% acrylic latex stain is ideal for use on properly prepared, vertical wood, rough sawn lumber, textured or abraded plywood. Fast application, quick drying and good penetration – can be tinted to any color. Great product for wood fencing around animal corrals.

- G** **Silver-Brite Aluminum Paint**
Silver-Brite is an exceptional quality, interior/exterior, general purpose aluminum paint formulated with 325-mesh leafing aluminum pigment, producing a chrome-like uniform appearance. Silver-Brite resists discoloration for long term protection against weather and moisture.
- H** **Uniflex® Roof Coatings**
Designed to protect original roof systems and help extend the building's life cycle. With up to 90% reflectivity, surface temperatures may be reduced resulting in decreased cooling costs and energy savings.

High-Performance Finishes

- I** **Sher-Kem™ Metal Finishing Enamels**
Specially formulated for exceptional exterior durability, fast recoat time and a tough finish that stands up against chipping and corrosion. Ideal for industrial/agricultural equipment, Sher-Kem is available in a wide array of colors with exceptional gloss and color retention for finished products.
- J** **Pro Industrial™ Acrylic Coating**
This acrylic is for interior or exterior use. It has exceptional stain resistance, is fast drying, flows and levels to a smooth finish and it meets the most stringent VOC regulations. Has achieved GREENGUARD GOLD Certification.*
- K** **Pro Industrial™ Multi-Surface Acrylic**
A surface-tolerant utility coating with excellent stain blocking properties. Self-priming directly to multiple surfaces with excellent one-coat hide and adhesion. Excellent exterior gloss and color retention and excellent stain resistance. Dries fast with dryfall properties.
- L** **Pro Industrial™ Urethane Alkyd Enamel**
A general-purpose maintenance enamel fortified with urethane resin for durability. It provides good exterior color and gloss retention and flows and levels to a smooth finish. It has excellent stain resistance and stain blocking properties.
- M** **Pro Industrial™ Waterborne Acrylic Dryfall**
Dries to a removable dust in an approximate 10-foot fall. Excellent hide and compliance with the most stringent VOC regulations.

- N** **Pro Industrial™ Pre-Catalyzed Water Based Epoxy**
Advanced toughness and durability in a single-component coating. It is resistant to most commercial cleaners and has excellent stain resistance. Flows and levels to a smooth finish with effortless application and meets the most stringent VOC regulations.
- O** **Pro Industrial™ Water Based Catalyzed Epoxy**
High-performance coating that is hard and tough with exceptional resistance to abrasion, impact, corrosion, chemicals, stains, scrubbing and blocking. Flows and levels to a smooth finish and meets the most stringent VOC regulations. Has achieved GREENGUARD GOLD Certification.*
- P** **Pro Industrial™ High Performance Epoxy**
A hard and tough coating with exceptional durability and chemical resistance. A high solids, high build coating, it has excellent scrubability and resists stains and blocking.
- Q** **Hi-Solids Catalyzed Epoxy**
A durable high build epoxy coating that can protect the interiors of silos containing food products as well as areas intended for the production, manufacturing, packaging, processing, treating, transportation or storage of dry food at ambient temperatures. (Sanitary White color ONLY). Complies with FDA 175.300.
- R** **Water Based Acrolon 100 Urethane**
An advanced technology, water based, acrylic urethane. Provides performance properties comparable to premium quality solvent based urethanes. This is a high gloss abrasion resistant urethane that has excellent weathering properties.
- S** **HydroGloss Single Component Water Based Urethane**
Single component, high-performance, acrylic/polyester water based urethane. It provides toughness, flexibility, abrasion resistance, and excellent UV resistance. Exterior performance comparable to two component water based urethanes.

Floor Coatings

- T** **ArmorSeal® Floor Coatings**
A broad range of epoxies, urethanes, primers and patches for light to heavy traffic areas combining both aesthetic appeal and high-performance.

Your single-source supplier for all the solutions that keep the needs of farm and agricultural facilities covered.

- A wide range of high-performance coating systems for walls, floors, roofs and concrete surfaces.
- Coating options that meet the most stringent VOC regulations.
- Product innovations like Pro Industrial™ High-Performance Coatings ensure exceptional durability, corrosion and chemical resistance.
- Urethane coatings provide protection along with great color and gloss retention.
- All latex and water based paints are tinted with ColorCast Ecotoner® colorants, which do not add to the VOC content and won't compromise the thickness or coverage of the paint. Only Sherwin-Williams has color formulas calibrated specifically for every product and every sheen to provide outstanding color accuracy and vibrancy.
- Heavy-duty floor coatings and decorative systems including terrazzo.
- Applicators, tools and equipment to get the job done right.
- Color design services to help create appealing areas that foster employee satisfaction and enhance productivity. Our specialists can recommend wall color combinations or coordinate paints, window treatments, hard surfaces and flooring to help make the color selection process easier.
- Exclusive Sher-Color™ computerized color matching for quick, accurate matches in any sheen. Formulas archived for 6 years for color consistency.
- With more than 3,500 stores and 1,800 representatives, we provide fast, local service and onsite assistance. Products are readily available at Sherwin-Williams stores every day.
- Your Sherwin-Williams representative can provide a Custodian™ Report detailing all of your products and colors for easy future maintenance.
- Centralized account management and national account teams offer customized solutions that can help standardize purchases, stabilize costs, simplify processes and maximize supply chain efficiencies.
- Sign up on myS-W.com to manage your account online. Access your balances, make payments, set communication preferences and save your favorite products, colors and more.
- Savings every day to every pro with ProDiscounts.™ Save 15% off list price on painting supplies; 20% off list price on case lot quantities on over 150 popular items and volume pricing on paints and coatings with your Sherwin-Williams pro account.

We can help you standardize purchases, stabilize costs, consolidate orders and directly source your products. We own our own manufacturing and distribution facilities, stores and transportation fleet, which means our buying power and resources ensure you get the best value and complete consistency. We have been serving the professional market since 1866. No other company is better trained or better prepared to assist you. Just ask Sherwin-Williams.

Sherwin-Williams provides high-performance solutions that meet your requirements for aesthetics and durability.

Sherwin-Williams is committed to developing innovative coatings and programs to help you control maintenance expenditures, maximize efficiencies and protect assets.
