

BRIBE SHEET: EZRA THE ARCHAEOLOGIST

If a player approaches to “bribe” you with a gold coin, read to them the following dialogue. If you’re in a busy room, simply allow them to read the sheet on their own to keep the information partial to the briber and their posse members.

EZRA’S BRIBE INFORMATION

“Where did you find that! Is that a real Spanish gold coin? Oh! I must have it for my collection!

“Certainly, I’ll detail everything you’d like, just to keep this. Now, where shall I start? How about when Jeb came to me, pretending to entreat my services, and then clocked me in the head and stole my Colt revolver! What a snake! And while he was at it, he destroyed all my summer’s work! Ugh!

“Some of those Hadrosaur bones were fine specimens. Busted ‘em up, he did!

“In hindsight now, I think the old guy was defending ‘his territory’ like a rabid wolf. He was so intent on protecting his precious treasure hoard from invaders, he was willing to try something crazy to scare me off!”
