Keeping Trails Open For All!

WHO WE ARE

We are 50 + years strong, dedicated to preserving access to our public lands and assisting government agencies with managing and maintaining this valuable resource.

With 31 states and 212 chapters nationwide, our volunteer value packs a punch at over \$12 million worth annually in sweat equity and volunteer time. Our presence on Capitol Hill ensures our historic pack and saddle stock have a seat at the table.

BCHA promotes youth throughout our membership and provides Youth Grants to chapters for youth activities and recreational education.
